

IP 06 Pirouette

Moving

Our Pirouette is a small, spinning disc with a central holding pole which provides extra support and balance to those who need it. The non-slip surface adds extra security to allow children to feel safe once standing on the disc.

This low-level disc allows children to access the surface and enjoy the dynamic spinning brings, encouraging healthy brain development in all children.

Activities	Rotating, balancing, social interaction, motor skill development, physical development
