

Moving

Our Infinity Bowl with its unique dipped edge design has been thoughtfully developed to increase inclusivity allowing for easier access into and out of the bowl.

The bowl is designed to sit at an angle which further increases ease of access, also enabling the bowl to self-propel; a child need only tilt their body slightly, shifting their weight to get the bowl moving.

This not only encourages independence but also allows children to play on their own should they wish. Lastly, the deep saucer area provides supportive and comfortable seating for all users.

Scale: 1:20

A4

Activities	.. Spinning ,supportive movement ,self propelled movement.
Features	.. Dipped access point, silver sparkle finish.
Age Range	.. 2+ years
No. of Users	.. 2
Falling Space	.. 11m ² / 118ft ²
FFH	.. 1m / 3.3ft
Materials	.. Galvanised and Powder Coated steel bowl.
Approx. Weight	.. 50kg / 110lbs
Concrete Volume	.. 0.12m ³ / 4.2ft ³
